**MEMORANDUM FOR:** Deputy Director of Joint Computer Support**SUBJECT** : MAP Personnel**REFERENCE** : Memo to DDM&S Executive Officer from DD/OJCS,  
dtd 17 Jul 73, same subj

1. Referent memorandum requested information on five of the "MG" (formerly "S") staff employees who are now part of MAP.
2. The following comments are keyed to your specific questions in your memorandum:

a. Of the five officers, the MG career service would have difficulty finding appropriate assignments outside of their specialized technical field for three [redacted]

25X1

[redacted] is junior enough in grade and age and has appropriate qualifications and interests to become a generalist in the support field. It would be more difficult but another assignment could probably be found in the MG service for [redacted] based on his experience and qualifications.

25X1

b. Insofar as we are aware, the five officers are adequately representing our interests in the development of information processing facilities in the Office of Joint Computer Support.

c. Except for Mr. [redacted] and possibly Mr. [redacted] it should be remembered that the other three officers are specialists in a very technical field and, as such, are not easily transferable to other positions outside of their specialty.

MEMORANDUM FOR: DD/M&S Executive Officer

SUBJECT : MAP Personnel

1. The following personnel from the "S" Career Service have been working on the SIPS Task Force and were recently transferred to OJCS:

STAT

--

In order to evaluate MAP (formerly SIPS) resources, I need your views on each of these people. Specifically:

a. If it becomes appropriate to release the individual from MAP activities in OJCS, say within the next three months, would you foresee any problems in reassigning him/her?

b. Does the individual adequately represent your interests in the development of information processing facilities in OJCS?

c. Are there other factors which you believe should be considered in planning the individual's activities for the next year or so?

2. A reply by 3 August 1973 would be appreciated.

--
